

Holy Fire

1 Kings 18:16-39

James Robison

King Ahab and his wife, Jezebel, had turned away from the Lord and were leading God's people to do the same. Elijah confronted the king and the prophets of Baal because their idolatry was destroying Israel. In the same way, God calls us to tell people the truth about the dire consequences of sin. He does not want to put a burden of rules on us; He wants to set us free!

Elijah received the revelation of God's power when fire came down from heaven to burn up his sacrifice. As believers, we build a spiritual altar for the presence of God when we surrender our hearts fully to Him. God invites us to offer our lives as living sacrifices to be consumed by the holy fire of His love. When we live in unity with each other, God's light, truth, and love are revealed to the world.
